North Central Research
Extension Center, Minot, ND 58701

As local leaders, it is our responsibility to shape and guide growth within our communities to preserve and protect resources, promote economic development and retain the quality of life. For this very reason, SBPC is hosting a workshop for a DIY comprehensive plan. The workshop will be conducted by SRF Consulting.

Comprehensive Plans are required by the North Dakota Century Code to legally enforce zoning regulations. City, County and township leaders and staff are invited to join us as we provide you with the tools to prepare your own comprehensive plan. These workshops include lunch, presentations, activities and a leave-behind
